PROFESSIONAL EXPERIENCES

Fullstack Developer (Contract)

Aptive Environmental

10/2023 – 03/2024
Utah, United States

Take part of the Aptive's team where we built a CRM system from the start. My job included helping to design and put together solutions for managing customer information and needs. I also worked on different kinds of tests like Integration, Unit, and Contract tests to make sure our system worked well and was reliable.

Tech: Livewire, AlpineJs, Laravel, AWS, Docker

Fullstack Developer

Webquest.io

01/2023 – 10/2023
Phuket, Thailand

Managed and maintained a portfolio of 4-5 web applications, handling regular updates and client-requested feature development. Utilized tools such as Laravel and React to create dynamic and responsive user interfaces, streamline deployment, and enhance stability.

Tech: ReactJs, Javascript, Laravel, Livewire, AlpineJs, Meilisearch, AWS, Docker

Fullstack Developer

Alphasirius.io

12/2021 – 01/2023
Singapore, Singapore

Migrated Java API to PHP and integrated global and local payment methods using Laravel 8. Developed a new admin panel for an e-commerce platform, boosting efficiency and enhancing payment flexibility. Leveraged MongoDB to optimize data management.

Tech: ReactJs, IntertiaJs, Livewire, Laravel, AWS

Web Developer

Spectrum Soft

10/2019 – 05/2021
Yangon, Myanmar

Revamped an E-Commerce web app with Laravel 5.8, introducing a multi-vendor management system and collaborating with designers for fresh storefront UIs. Enhanced security and speed with user control modifications, implemented QR generation for store owners, and optimized storage with automated cron jobs/schedulers.

Tech: ReactJs, VueJs, PHP, Javascript

Junior Web Developer

MOB Bank

02/2017 – 09/2017
Yangon, Myanmar

Orchestrated the bank's website transformation from mockups to a dynamic online presence using HTML, JavaScript, AJAX, and WordPress. Contributed to the creation of a new internal HR Portal, employing clean PHP for a streamlined user experience.

Tech: PHP, Wordpress, Javascript

OBJECTIVE

Seasoned Web Developer with 7 years of experience in both frontend and backend development, specializing in user-centric design and effective conversion strategies. Skilled in minimizing UX/UI pitfalls and integrating third-party feedback.
